Manager's Corner

WELCOME BACK...

To all of our returning residents. Hope ya'll had a great summer and are ready to enjoy the winter season here in Crystal Lake Village.

While you were gone, we have been busy, mostly trying to keep up with the mowing and trimming. As you can see from the water level of the lake, we have had a lot of rain

The new security gates have been installed and all residents must purchase a transmitter for gate openings.

The new restrooms are finished and we have had the Rec Center and Activity Room floors deep cleaned as well as the laundry and mail room areas.

New this year is the fitness equipment in the Activity Room. We are in the process of installing a flat screen TV to watch while using the treadmill and bicycle.

The new sites at the end of Morning Glory Loop are being prepped for the new units. We will be installing five-two bedroom units and two-one bedroom units. If any one is interested in purchasing one of these units, please stop by the office and talk to Sandra.

Yet to come, a new graphic sign to be added to our illuminated sign on the corner of Maxwell and US 17.

RESTROOMS... WATER SHUT OFFS...

Are new this year and we would like to keep them as nice as possible. Please notify management of any problems. The Restroom-regular cleaning schedule is: 9:15 pm till 11:00 pm, so please plan your use with this in mind.

If at all possible, when we have advance warning, residents will be notified of a scheduled water shut off by notices posted at both mail centers.

When the water is shut off, it will take awhile to come back on because after the repair is made, the lines still have to be flushed out. There will still be air in the lines.
