### TALENT SHOW

Due to lack of space in the recreation hall, the date for next season's talent show has been changed from January 10, 2010 to February 6, 2010. This will be on a Saturday night and there will be no ice cream social making it possible to take the tables down and therefore, seat more people.

If you are interested in participating, please sign up on the sheet in the activity room or contact Henrietta Swearingin at 1-513-608-6944. All are welcome

### Restrooms Closed

Starting May 4, the restrooms will be closed down completely for re-piping of the facility. This shut down will include the showers as well.

We hope to have the restrooms done and ready for operation by July 6.

Please make your plans with this closing in mind.

### SEWER BILLS...

A lot of the sewer bills have come back to the office for the various reasons: moved, no forwarding address; forwarding expired; or

So if you have not received a sewer bill, the 1st quarter bill is \$34.75. Please send a check or call us on the toll free number.. We will be happy to update your file with an address change or credit card payment information.

## Bits and Pieces

### SUMMER MOWING

We will be mowing every week this summer, please pick up all yard articles, decorations, hoses, and close your umbrellas when not in use. The mowers require 5' of clearance to mow.

In the RV section, management does the mowing and trimming, but we do not take care of flower beds. Please make sure they are free of weeds.

### Here We go Again...

As we face another hurricane season, please take time to make up a hurricane survival package for each member of your household, including your pet. Make sure you have enough food, water, medicine and any other personal items for at least three days minimum.

If part of your plan is to go to a shelter, call around and see which shelters allow pets and what type of accommodations are available. At some shelters, you may need to bring your own bedding and other items such as toilet paper. Invest in an air mattress if you can and a portable radio with weather channels and plenty of batteries.

Once you have decided on a plan, let a close friend or relative know. Also please make sure that the community office is aware of your plan and that they have on file your up-to-date emergency information names and numbers.

Above all, keep safe and hope for a storm free summer.
